Print your own Custom Banners

At BannerStore.com, we specialize in custom vinyl banners that are perfect for both indoor and outdoor use. Our banners are printed with fade-resistant UV ink on durable 13 oz. 15 oz., or 18 oz vinyl and come with free graphics and a welded hem for added strength. We have a variety of custom banner materials, including standard banners, window banners, retractable banners, and more. Our custom retractable banners are printed on standard 36" thick, 36" wide vinyl for outdoor use or Polypropylene for indoor use. If you're looking for a banner that is easy to transport and set up, our retractable banners are a great choice. For banners that are light and portable, we offer our roll-up banners. Our fade-resistant UV ink and strong, tear-resistant materials from vinyl to felt fabric are sure to make a lasting impression. So whether you're looking for a custom banner for your business, event, or special occasion, we've got you covered. BannerStore.com is your one-stop shop.

- They're durable, weather-resistant, and eye-catching. Plus, they come in a variety of sizes to fit any space. Keep these things in mind when choosing the size of your banner: the size of the area where it'll be displayed, how far away it will be viewed, and which events you plan to use it for. Our most popular sizes are 7' x 3', 8' x 3', and 10' wide with both indoor and outdoor uses. If you need something even bigger, we offer banners up to 96' x 80'. Order yours today!

CUSTOM BANNER MATERIAL:

13 OZ VINYL
13 oz vinyl banner material refers to a type of vinyl commonly used for making custom vinyl banners, signage, and other large-format displays. It is named "13 oz" because it typically weighs 13 ounces per square yard, indicating its thickness and durability.

1. **Health Vinyl** - Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional look and is suitable for indoor and outdoor applications.

2. **Gloss Vinyl** - Gloss vinyl has a glossy, reflective surface finish that enhances colors and graphics, making them appear more vibrant and eye-catching. It is ideal for applications where a bold and glossy appearance is desired.

13 oz vinyl banner material is typically made of PVC (polyvinyl chloride), a synthetic plastic polymer known for its durability, weather resistance, and flexibility. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. Additionally, some variations of 13 oz vinyl may include a customer wrap layer for added protection and resistance.

15OZ VINYL

15 oz vinyl banner material refers to a heavier-duty type of vinyl commonly used for making banners, signage, and other large-format displays. It is named "15 oz" because it typically weighs 15 ounces per square yard, indicating its thickness and durability.

1. **Health Vinyl** - Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional appearance and is suitable for indoor and outdoor applications.

2. **Gloss Vinyl** - Gloss vinyl has a glossy, reflective surface finish that enhances colors and graphics, making them appear more vibrant and eye-catching. It is ideal for applications where a bold and glossy look is desired.

15 oz vinyl banner material is typically made of PVC (polyvinyl chloride), a synthetic plastic polymer known for its durability, weather resistance, and flexibility. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. The heavier weight of 15 oz vinyl typically results in higher tensile strength and increased durability, making it suitable for larger banners and signage.

18 OZ VINYL

18 oz vinyl banner material is a heavy-duty type of vinyl commonly used for making banners, signage, and other large-format displays. It is named "18 oz" because it typically weighs 18 ounces per square yard, indicating its thickness and durability.

1. **Health Vinyl** - Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional appearance and is suitable for indoor and outdoor applications.

2. **Gloss Vinyl** - Gloss vinyl has a glossy, reflective surface finish that enhances colors and graphics, making them appear more vibrant and eye-catching. It is ideal for applications where a bold and glossy look is desired.

18 oz vinyl banner material is typically made of PVC (polyvinyl chloride), a synthetic plastic polymer known for its durability, weather resistance, and flexibility. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. The heaviest weight of 18 oz vinyl typically results in the highest tensile strength and increased durability, making it suitable for the largest banners and signage.
