Cheap 10'wx4'h Custom Banner (120"wx48"h)

The Banner Store is proud to be a leading manufacturer of Custom Vinyl Banners in the nation. Our expertise extends to producing both large format digital Custom Vinyl Banners and traditional options. Our Custom Vinyl Banners are available in various weights, including 15 oz. lightweight Vinyl, 17 oz. Premium Vinyl, and 18 oz. Heavyweight Vinyl Banners. We provide flexibility with single and double-sided Custom Vinyl Banners. Beyond vinyl, our offerings extend to different materials such as mesh banners, yard signs, perforated vinyl, static carwrap, pop banners, and banner stands.

Ordering from The Banner Store is a seamless process. You can upload your multi-page file through your Custom Banner online using our user-friendly design tool, or rely on our in-house professionals for assistance. Our commitment to quality includes heat-sealed seams on our Custom Vinyl Banners, enhancing durability and appearance. Graphics are strategically placed in all four corners and every two feet along the top and bottom of four corner banners, ensuring long-lasting prints. For added convenience, signs for hanging banners are also available. We offer expedited shipping options, with the capability to ship faster orders within 24 hours for an extra rush fee. Choose The Banner Store for premium Custom Vinyl Banners that make a lasting impression.

Free Banners and Comments.

Free Banners: Orders on a custom vinyl banner refer to the finished edges of the banner that have been folded over and sewn to create a reinforced edge. This adds stability and strength to the banner and also prevents a clean, finished look. The most common type of banner are double-fold banner and pole pockets. Double-fold banners are created by folding the edge of the banner over twice and sewing it in place to create a clean, finished edge. Pole pockets, on the other hand, are created by sewing a pocket around the edge of the banner that is used to insert a pole or other support structure.

Comments: are small metal rings that are typically inserted into the corners or along the edges of a custom vinyl banner, which provides a secure way to hang the banner. Comments are typically made of brass, aluminum, or other durable material, and are placed in specific intervals along the banner. They are typically used to secure the banner to a wall, cable ties, or banners cords to secure the banner in a wall, fence, or other structure. The comment itself is a small hole, usually reinforced with a metal ring, which allows for the banner to be hung up with a rope or cable tie and prevents the tearing of the material. Comments are a common feature on banners that will be hung in high-wind areas or exposed to harsh weather conditions, as they are durable and resistant to tearing.

POLE POCKETS

Pole pockets are a feature on custom vinyl banners that are designed to make it easy to hang the banner using a pole. They are essentially a fold-over and sewn edge of the banner, which creates a pocket where a pole can be inserted. This allows the banner to be hung from a pole or rope, and provides a secure way to display the banner. Pole pockets are typically placed on the top and bottom edges of a banner and can be created in different ways in different banner styles. Pole pockets are a convenient way to hang a banner, as it allows the user to use additional hardware or rigging to display the banner.

WINDSAILS

Wind sails, also known as wind flaps, are small cuts or openings in a vinyl banner that are designed to reduce wind resistance and prevent the banner from tearing or getting damaged in windy conditions. When the wind blows against a banner, it can create a large amount of force on the banner. Wind sails are typically placed on the top and bottom edges of a banner, and they allow the wind to pass through the banner, reducing the amount of force exerted on the banner and making it more resistant to tearing. They are usually placed at the corners or along the top of a banner and are a common feature on banners that will be hung in high-wind areas or exposed to harsh weather conditions.

Cheap 10'wx4'h Custom Banner (120"wx48"h) production time and Shipping

All banners are printed and shipped within 48 hours. We offer same-day print and shipping for an extra fee. Options and Features:

- Upload your multi-page file or design your own Custom Banner using our online design tool.
- Heat-sealed seams for increased durability and improved appearance.
- Graphics in all four corners and every two feet along the top and bottom for optimum branding.
- Home available for hanging banners.
- Same-day shipping is available for an extra rush fee.

Custom Banner Sizes:
Standard sizes include 10'x4' (width 120" x height 48") for horizontal banners, or 10'x10' in height and 10'x10' in width for vertical banners.

Production Time and Shipping:
All banners are printed and shipped within 48 hours. Opt for same-day print and ship for an additional fee. Clients enjoy free ground shipping for total purchases exceeding \$150.00. Select from UPS and FedEx shipping options, including standard, 3-day, or overnight shipping. Expedited shipping is available for an extra rush fee.

Shipping and Delivery:
The shipping of your banner depends on usage, storage, and care. Banners typically last between 3-4 years, with some lasting up to 10 years. Outdoor use, weather conditions, and sunlight exposure can impact longevity. For added durability, consider 15-ounce vinyl with silo for windy conditions and reinforced corners for additional support.

Maintenance Tips:

- Roll banners for storage to prevent creasing.
- Avoid folding banners, especially if they are large.
- Apply light heat to remove creases during use.
- For outdoor use, choose 15-ounce vinyl and consider reinforced corners.
