We recommend having hems on all banners to increase their strength and durability of the banner. We offer two hems on all our banners. Hemmed edges are typically used to reinforce the sides of most banners. This helps to maintain the banner's shape and prevent stretching.

Pole Pockets
Pole Pockets allow for vinyl signs or decals to be inserted along the edges of the banner. This allows for an even distribution of the banner's weight to prevent sagging. Opposite pole pockets can also be used to make the banners more rigid.

POLE RINGS
If you choose this option, we will send half-circles into your banner to reduce wind resistance. This feature is perfect for outdoor banners, as it helps to prevent tearing and drooping in the wind.
