2x3 Custom Banner Material:

1. **13 oz Vinyl Banner material:** Made for indoor and outdoor use for printing custom vinyl banners, signs, and other large-format displays. It is named "13 oz" because it typically weighs 13 ounces per square yard, indicating its thickness and durability. Printed on this type of 13 oz vinyl banner material based on their surface finish.

1. **Matte Vinyl:** Matte vinyl has a non-reflective surface finish, which reduces glare and ensures visibility even in bright lighting conditions. It provides a professional look and is suitable for indoor and outdoor applications.

2. **Gloss Vinyl:** Gloss vinyl has a shiny, reflective surface finish that enhances colors and graphics, making them appear vibrant and eye-catching. It is ideal for applications where a bold and glossy appearance is desired.

3. **15 oz Vinyl Banner material:** Typically made of PVC (polyvinyl chloride), a synthetic plastic polymer known for its durability, weather resistance, and flexibility. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. Additionally, some variations of 15 oz vinyl may include a polyester scrim layer.

16 oz Vinyl

16 oz vinyl banner material refers to a thicker and heavier type of vinyl commonly used for making banners, signs, and other large-format displays. It is named "16 oz" because it typically weighs 16 ounces per square yard, indicating its thickness and durability. Similar to 13 oz vinyl, 16 oz vinyl banner material also comes in different types based on their surface finish.

1. **Matte Vinyl:** Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional appearance and is suitable for indoor and outdoor applications.

2. **Gloss Vinyl:** Gloss vinyl has a shiny, reflective surface finish that enhances colors and graphics, making them appear vibrant and eye-catching. It is ideal for applications where a bold and glossy look is desired. It is also for applications where a bold and glossy look is desired. It is also for applications where a bold and glossy look is desired.

3. **15 oz Vinyl Banner material:** Typically made of PVC (polyvinyl chloride), a synthetic plastic polymer known for its durability, weather resistance, and flexibility. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. Additionally, some variations of 15 oz vinyl may include a polyester scrim layer for added stability and tear resistance.

18 oz Vinyl

18 oz vinyl banner material is a heavy-duty type of vinyl commonly used for making banners, signs, and other large-format displays. It is named "18 oz" because it typically weighs 18 ounces per square yard, indicating its thickness and durability. Similar to 13 oz vinyl, 18 oz vinyl banner material also comes in different types based on their surface finish.

1. **Matte Vinyl:** Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional appearance and is suitable for indoor and outdoor applications.

2. **Gloss Vinyl:** Gloss vinyl has a shiny, reflective surface finish that enhances colors and graphics, making them appear vibrant and eye-catching. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. Additionally, some variations of 15 oz vinyl may include a polyester scrim layer for added stability and tear resistance.

2x3 Custom Vinyl Banners Finish Options

Before placing your order, it's a good idea to view and decide on the following material options: **Free Hems and Holes**

Hems: Hems are an essential part of any vinyl banner, especially those with graphics. The hems prevent fraying and ensure that the banner edge stays flat. The hems are made by folding the banner material over and stitching it together. This creates a clean, finished edge that is both functional and aesthetically pleasing.

Holes: Holes are metal rings inserted into holes through vinyl material, colored in each side to help them hold securely in place. They prevent tearing or damage to material from the rings. The holes are made by punching the banner material with a hole punch. This creates a clean, finished edge that is both functional and aesthetically pleasing.

POCKETS: Pockets are a great way to prevent your vinyl banner from sagging and they also allow you the option of adding graphics or photos to your design. These pockets are made by stitching the banner material together to create a pocket. This creates a clean, finished edge that is both functional and aesthetically pleasing.

NO MITTS: No mitts means that your banner will not have any mitts. Mitts are small pieces of fabric that are attached to the banner to help it hold in place. No mitts means that your banner will not have any mitts. Mitts are small pieces of fabric that are attached to the banner to help it hold in place.

2x3 Vinyl Banner Printing Processing Time and Turnaround:
