24x36 Custom Banner Material:

The 24x36 Vinyl Banner material is a type of vinyl commonly used for making custom vinyl banners, signs, and other large-format displays. It is named "17 oz" because it typically weighs 17 ounces per square yard, indicating its thickness and durability.

Printed on the same type of 17 oz vinyl banner material, based on their application finish:

- 1. **Matte Vinyl:** Matte vinyl has a non-reflective surface finish, which reduces glare and ensures visibility even in bright lighting conditions. It provides a professional look and is suitable for indoor and outdoor applications.
- 2. **Gloss Vinyl:** Gloss vinyl has a shiny, reflective surface finish that enhances colors and graphics, making them appear vibrant and eye-catching. It is ideal for applications where a bold and glossy appearance is desired.

17 oz vinyl banner material is typically made of PVC (polyvinyl chloride), a synthetic plastic polymer known for its durability, weather resistance, and flexibility. PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. Additionally, some variations of 17 oz vinyl may include a polyester scrim layer.

13oz Vinyl:

13 oz vinyl banner material refers to a thicker and heavier type of vinyl commonly used for making banners, signs, and other large-format displays. It is named "13 oz" because it typically weighs 13 ounces per square yard, indicating its thickness and durability.

Similar to 17 oz vinyl, 13 oz vinyl banner material also comes in different types based on their surface finish:

- 1. **Matte Vinyl:** Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional appearance and is suitable for indoor and outdoor applications.
- 2. **Gloss Vinyl:** Gloss vinyl has a shiny, reflective surface finish that enhances colors and graphics, making them appear vibrant and eye-catching. It is ideal for applications where a bold and glossy look is desired.

PVC is reinforced with additives and plasticizers to enhance its strength and make it suitable for outdoor use. Additionally, some variations of 13 oz vinyl material may include a polyester scrim layer for added stability and tear resistance.

15oz Vinyl:

15 oz vinyl banner material refers to a thicker and heavier type of vinyl commonly used for making banners, signs, and other large-format displays. It is named "15 oz" because it typically weighs 15 ounces per square yard, indicating its thickness and durability.

Similar to 13 oz vinyl, 15 oz vinyl banner material also comes in different types based on their surface finish:

- 1. **Matte Vinyl:** Matte vinyl has a smooth, non-reflective surface finish that reduces glare and ensures clear visibility even in bright lighting conditions. It provides a professional appearance and is suitable for indoor and outdoor applications.
- 2. **Gloss Vinyl:** Gloss vinyl has a shiny, reflective surface finish that enhances colors and graphics, making them appear vibrant and eye-catching. It is ideal for applications where a bold and glossy look is desired.

Additionally, some variations of 15 oz vinyl material may include a polyester scrim layer for added stability and tear resistance.

24x36 Custom Vinyl Banners Finish Options

Before placing your order, it's a good idea to view and decide on the following material options: **Free Holes and Holes**

- [] **Holes:** Holes are an essential part of any vinyl banner, especially those with graphics. The most common choice is 4 holes and printed edges that help in secure durability. Holes are created by making either one or two holes. Holes are created by making either one or two holes. Holes are created by making either one or two holes. Holes are created by making either one or two holes. Holes are created by making either one or two holes.
- [] **Free Holes:** Some banners are made with pre-printed holes through vinyl material, colored on each side to have them hold securely in place. They prevent tearing or damage to material from the edges. They prevent tearing or damage to material from the edges. They prevent tearing or damage to material from the edges. They prevent tearing or damage to material from the edges.

POCKETS

Pockets are a great way to prevent your vinyl banner from sagging and they also allow you the option of adding holes or no holes. They are printed on the back of the banner for the display stand.
