Designing A Custom Birthday Banner

To design a custom birthday banner you should think in terms of how you'll set it up with a hanging system, whether it's indoors or outdoors. Consider the weather conditions, including how wind and rain. Printed on a 12 oz vinyl material, the design process also allows you the option of including wind-stops, reinforced hemming, and/or reinforced corners with your banner.

Another aspect that sets these banners apart, making them a great option for any advertising or marketing effort, is the high-quality printing. During the design process, you have the option to choose between different printing methods, such as digital printing or offset printing. Digital printing is a great option for small quantities, while offset printing is a great option for large quantities. Both methods offer high-quality results and are designed to last for years to come.

Custom Vinyl Banners Finish Options

Banners placed in your yard, it's a good idea to have some idea on the following detailed options: **Free Hems and Corners.**

HEMS

Items consist of one each of the Custom Banner material folded over to the backside of the banner and hand-stitched together to form a clean and strong eye look. We recommend having hems on all banners to increase their strength and durability of the banner. We offer free hems on all our banners. Hemmed edges are typically used to maintain the shape of your banner. Hems help to maintain the banner's shape and prevent stretching.

CORNERS

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the vinyl from sagging. Hems, Reinforced edges are typically used to maintain the shape of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when banners are used on vinyl signs.

POLE POCKETS

This feature allows for easy poles or stands to be inserted along the edges of the banner. This allows for a more even distribution of the banner's weight to prevent sagging. Opposing pole pockets can be used to make the banner more rigid.

WIND-SLITS

If you choose this option, we will cut small half-circles into your banner to reduce wind resistance. This feature is perfect for outdoor banners, as it helps to prevent stretching and tearing. Wind-slits are a great way to make your banner more durable and long-lasting.
