Designing A Custom Birthday Banner

To design a custom birthday banner you should think in terms of what you'll end up with a long-lasting, eye-catching, and able to withstand a number of weather conditions, including heavy wind and rain. Printed on a 1/2 inch vinyl material, the design process also allows you the option of including wind-edges, reinforced hemming, and/or reinforced corners with your banner.

Another aspect that sets these banners apart, making them a great option for any advertising or marketing effort, is the high-quality printing. During the design process, you have the option to choose between different printing methods, such as digital or offset printing. This allows you to choose the best method for your needs and budget. Custom Vinyl Banners Finish Options

Banners placed in your yard, it's a good idea to have some details on the following detailed options: **Free Hems and Corners.**

WIND SAITS

Items consist of one each of the Custom Banner material folded over to the backside of the banner and bound together to form a clean and strong eye rack hem. We recommend having hems on all banners to increase their strength and durability of the banner. We offer free hems on all our banners. Hemmed edges are typically used to reinforce the sides of vinyl banners. Hems help to maintain the banner's shape and prevent stretching.

POLE POCKETS

Provide a convenient method for hanging or attaching vinyl signs at regular points. This distributes the weight and helps to keep the banner from sagging. Hems, Reinforced edges are typically used to reinforce the sides of vinyl banners, helping maintain the banner's shape and prevent stretching. This is particularly helpful when banners are used on vinyl signs.

The Pockets allow for grommet poles or stands to be inserted along the edges of the banner. This allows for a more even distribution of the banner's weight to prevent sagging. Opposite pole pockets can be used to make the banner more rigid.

WIND SAITS

If you choose this option, we will cut half circles into your banner to reduce wind resistance. This feature is perfect for outdoor banners, as it helps to prevent stretching and tearing. This feature is perfect for outdoor banners, as it helps to prevent stretching and tearing.
